Real People. Real Savings. Real Fast.®

MODEL: S92T GAS FURNACES

Reliability is very important to your family's comfort.

The proven direct spark ignition (DSI) used on Sure Comfort furnaces is one of the most reliable systems available today. This technology is the same proven design used on gas ovens and stoves. Also, our Water Management System with a patented blocked drain sensor prevents water spillage and potential water damage to your home.

Quiet and efficient comfort is what you get with the S92T Gas Furnace. The heat exchanger design provides improved airflow which reduces operating sound by 20%*. And because it's high-efficiency, your monthly energy bill will give you even more reasons to smile.

Easy installation and maintenance features benefit homeowners, too. This means savings on installation costs and faster more cost-effective repairs during maintenance. The 7-segment LED display is a feature that makes service calls quick and easy.

Efficiency and Savings is what you will get with the S92T. The constant torque ECM motor maintains efficiency across a range of operating speeds, using less electrical energy than a standard PSC motor.

Sure Comfort® is a new name in home comfort offering tried and true air conditioners, heat pumps, furnaces and air handlers and package units to meet the needs of your family and your budget. With advanced features, impressive performance and great warranties that all come standard, you can enjoy solutions that keep your family comfortable every day.

Sure Comfort
5600 Old Greenwood Road
Fort Smith, Arkansas 72908

**Testing showed, on average a 20% reduction in sound when compared to previous Sure Comfort gas furnace models.*

*** Annual Fuel Utilization Efficiency (AFUE) measures the amount of heat delivered to a home compared to the amount of fuel that is supplied to the unit. Higher AFUE ratings reflect higher efficiency. For complete details of the limited and conditional warranties, including applicable terms and conditions, contact your local Contractor or go to SureComfort.com for a copy of the product warranty certificate. Conditional warranties must be registered through registermyunit.com.*
