PACKAGE HEAT PUMPS

Make the most of your time at home with the dependability of the Russell[™] By Rheem RQPM Package Heat Pump. You'll enjoy quiet and affordable comfort all year long.

- **Quality and durability.** We're serious about the quality of all of our products. That's why our package heat pumps are developed with features that provide unmatched quality and durability.
- **Worry-free comfort.** Enjoy reliable home comfort that will keep your package heat pump performing smoothly for years to come. The conditional 10-year parts and compressor warranty¹ provides added peace of mind.

MODEL: RQPM PACKAGE HEAT PUMPS

Industry-leading features are the key to your comfort at home. The galvanized steel cabinet, grille / fan motor mount and full louvered coil protection provide total protection from weather extremes.

Base rails elevate the bottom of the unit off the ground, protecting from corrosive condensation and providing air circulation around the unit.

Quiet operation. The combination of the durable cabinet, large fan, scroll compressor and elevated base pan all contribute to quiet, dependable operation.

Easy installation and maintenance. If maintenance is ever required, we keep service technicians in mind. Four service panels provide your technician with easy access to all internal components—so service time and expense are kept to an absolute minimum.

Russell™ By Rheem is a new name in HVAC backed by 70+ years in the temperature-control industry developed to meet your needs and budget through practical, dependable HVAC products—Air Conditioners, Heat Pumps and Gas & Electric Furnaces—offering great performance with only the bells and whistles that matter, to keep your family comfortable day after day.
