You Can Count On

Patented industry-first features and 360+1 design make the Ruud Endeavor RP15AZ a smart choice.

### **Peace-Of-Mind Performance**

Relax, you're covered by one of the best warranties in the industry1-10 Year Conditional Parts.

#### **Reduced Emissions**

Households generate 72%<sup>2</sup> of greenhouse gas emissions, so switching to a heat pump can make a big difference for the environment—today.

## **Reduced Environmental Impact**

The 7mm condenser coil<sup>5</sup> provides a decrease in refrigerant requirements up to 15%, lowering the amount of greenhouse gases emitted while contributing to Ruud's sustainability goal of a 50% reduction in our greenhouse gas footprint by 2025. A win for all of us.

# **Rugged Curb Appeal**

Curved louvered panels and rugged corner posts provide excellent support and protection to internal components, while the overall modern cabinet aesthetics, including the corrosion-resistant composite base pan and powder coat paint system allow your unit to put its best face forward for years to come.

# **Quiet Operation**

Efficient home comfort shouldn't be noisy. That's why our heat pumps are engineered with acoustics in mind. Sounddampening features such as refrigerant tubing design, fan blade approach, composite base pan and innovative compressor and drive technologies ensure that as efficiency increases, sound levels remain low.

Conditional Parts - 10 Years

# Among Heat Pumps, This One's A Star<sup>4</sup>

Earning ENERGY STAR® recognition means products meet strict energy efficiency guidelines set by the U.S. Environmental Protection Agency. ENERGY STAR certified heating and cooling equipment can enhance the comfort of your home while saving energy—which saves money on utility bills and protects our climate by reducing harmful carbon pollution and other greenhouse gases.
