Scheduling Operation Mode & Set Point

Timer Based – Performance or Energy Saver Mode – Best for hot water without the wait – or waste.

Custom Schedule – Performance Mode – Set specific times during the day – no-wait hot water on your schedule.

On-Demand via the EcoNet® App – Built-In Wi-Fi powered by EcoNet® Technology for no-wait hot water on your schedule from anywhere using a smartphone and the free EcoNet app.

Compact, Space Saving Design

85% smaller than a standard 50-gallon water heater means more available closet space.

Built-In Recirculation – for No-wait Hot Water

Hot water at all faucets, showers, tub...without water wasted down the drain (select models).

Smart Control Powered by EcoNet® Technology

Built-in Wi-Fi gives you complete control of your water heater from a smartphone² and the EcoNet App.

RELY ON

¹Based on estimated annual operating costs certified by the Federal Trade Commission. ²Applies only to models with Wi-Fi; Wi-Fi broadband connection and EcoNet® App required; notifications are dependent on external factors beyond Ruud's control.
