

MODEL: S97V GAS FURNACES

The Sure Comfort® S97V Gas Furnace, an ENERGY STAR® Most Efficient product, offers one of the highest efficiencies available — saving you money while keeping you comfortable.

- **Premium Comfort** is a result of modulating operation which saves energy and maintains optimal comfort level.
- **Exceptional Quality and Reliability** is in the details of the Sure Comfort S97V Gas Furnace. The Direct Spark Ignition System used on our furnaces is the most reliable ignition system in the industry. Rigorous testing on all major components is another reason you can feel confident.
- **Maximum Efficiency** is what you'll get with the S97V. A 97% AFUE means this gas furnace makes the most of every drop of fuel.

Real People. Real Savings. Real Fast.®

MODEL: S97V GAS FURNACES

Enjoy greater comfort and performance the innovative modulating gas valve and variable speed blower motor technology which adjusts automatically, providing a more consistent indoor environment and maximum heating efficiency. The S97V Gas Furnaces run at a wide range of speeds ensuring that your home gets the right amount of airflow in all seasons.

Reliability is very important to your family's comfort. The proven direct spark ignition (DSI) used on Sure Comfort furnaces is one of the most reliable systems available today. This technology is the same proven design used on gas ovens and stoves. Also, our Water Management System with a patented blocked drain sensor prevents water spillage and potential water damage to your home.

Quiet and efficient comfort is what you get with the S97V Gas Furnace. The heat exchanger design provides improved airflow which reduces operating sound by 20%*. The variable-speed ECM motor also contributes to quiet more efficient operation. It's also designed for better humidity control while using less power.

Easy installation and maintenance features benefit homeowners, too. This means savings on installation costs and faster more cost-effective repairs during maintenance. The 7-segment LED display is a feature that makes service calls quick and easy.

Sure Comfort® is a new name in home comfort offering tried and true air conditioners, heat pumps, furnaces and air handlers and package units to meet the needs of your family and your budget. With advanced features, impressive performance and great warranties that all come standard, you can enjoy solutions that keep your family comfortable every day.

 - Parts - 10 years

Sure Comfort
5600 Old Greenwood Road
Fort Smith, Arkansas 72908

*Testing showed, on average a 20% reduction in sound when compared to previous Sure Comfort gas furnace models.

** Annual Fuel Utilization Efficiency (AFUE) measures the amount of heat delivered to a home compared to the amount of fuel that is supplied to the unit. Higher AFUE ratings reflect higher efficiency. For complete details of the limited and conditional warranties, including applicable terms and conditions, contact your local Contractor or go to SureComfort.com for a copy of the product warranty certificate. Conditional warranties must be registered through registermyunit.com.
