VANTIX®

Peace-Of-Mind Performance

Relax, you're covered by one of the best warranties in the industry¹— 10 Year Conditional Parts.

Lower Environmental Impact

The 7mm condenser coil reduces the amount of refrigerant required by up to 15%, lowering the amount of greenhouse gases emitted while contributing to our sustainability goals. A win for all of us.

High-Strength Curb Appeal

The wire grille provides excellent protection to internal components, while modern cabinet aesthetics, including the corrosion-resistant composite base pan and powder coat paint system, allow your unit to put its best face forward for years to come.

Quiet Operation

Efficient home comfort shouldn't be noisy. That's why our air conditioners are designed with acoustics in mind. Integrated sound-dampening features such as refrigerant tubing design, fan blade approach, composite base pan and innovative compressor and drive technologies let you enjoy more efficiency—and less noise.
