

RHEEM COMMERCIAL SOLUTIONS

TRITON® WARRANTY EXTENSION NOW AVAILABLE!

Rheem is excited to announce the new warranty upgrade for Triton Heavy Duty and Super Duty SS ASME models. Available for purchase, this warranty extension will take the commercial tank warranty from 5 to 15 years.

15-YEAR EXTENDED WARRANTY UPGRADE is available on the following Triton® SS ASME models

- GHE100SS-200A
 - GHE100SS-250A
 - GHE100SS-300A
 - GHE100SS-400A
 - GHE119SS-500A
-

From its ASME-grade steel heat exchanger to the power anode rods, every aspect of Triton has been chosen to deliver the durability needed in a commercial water heater. And now, it is backed by a 15-Year Warranty Extension, proving that Triton is an investment that pays off day after day, year after year.

BASIC INSTRUCTIONS

- Rheem will provide an upgrade from the existing commercial water heater tank warranty to a 15-year limited warranty on Triton SS commercial gas water heater products installed for commercial use. **Triton SU models are excluded.**
- This offer does not apply to any Rheem component parts or accessories.
- Rheem **must** receive a properly completed Limited Warranty Upgrade Application **with the Distributor's Purchase Order attached** for each Triton SS Commercial Water Heater Tank Limited Warranty Upgrade provided **within sixty (60) days** of the installation of the commercial unit affected. If the installation was more than 60 days from the date the unit was purchased from Rheem, please include a copy of the sales documents to the end user to prove later installation.
- Call Rheem's Customer Service/Warranty Department at **(800) 621-5622**, if you have any questions on the Triton SS Commercial Water Heater Tank Limited Warranty Upgrade process or costs.
- To expedite processing, make sure the information provided is **complete, accurate and legible.**
- **Email application to: WHDWarranty@rheem.com**
