Outdoor Equipment for Indoor Comfort

PEACE-OF-MIND PERFORMANCE

Relax, you're covered by some of the best warranties in the industry¹—up to 10 Year Conditional Parts in single-phase, residential applications².

REDUCED EMISSIONS

Households generate 72%³ of greenhouse gas emissions, so switching to a heat pump, can make a big difference for the environment—today. Plus, the packaged heat pumps, air conditioners and gas electric units all feature a MicroChannel refrigerant system with all-aluminum evaporator and condenser coils that fight corrosion and provide superior heat transfer capabilities for a more dependable performance—while using up to 58% less refrigerant than similar models.

HIGH COMFORT

Two-stage⁴ (67% and 100%) or single-stage⁵ technology work to continuously meet your ever-changing heating and cooling needs. You'll enjoy steady temperature and advanced humidity control that combine to exceed your optimal comfort expectations.

Helping You Live Both Comfortably and Sustainably

The Sure Comfort Vantix Line RHPXZS Residential Packaged Heat Pump has earned our Sustainability Standout[®] seal, indicating it's among the best of the best. We created the seal to help you more easily find the products that save energy, save money and save the planet.

Among Packaged Gas Electric Units, Heat Pumps and Air Conditioners, These Are Stars

Earning ENERGY STAR[®] recognition means products meet strict energy efficiency guidelines set by the U.S. Environmental Protection Agency and several of the Sure Comfort Vantix Packaged Gas Electric Units, Heat Pumps and Air Conditioners are ENERGY STAR[®] certified, offering annual energy cost savings⁶.

Sure Comfort[®] Vantix™ Line Residential Packaged Air Conditioners

Keep cool, even when the utility bill arrives, with the Sure Comfort Vantix Line of Residential Packaged Air Conditioners. Each model is designed to provide dependable comfort and savings.

Super Advanced. Super Easy.

The Sure Comfort Vantix™ Line RGE(A/X)ZS Packaged Gas Electric Unit is EcoNet- and Bluetooth-enabled for simplified operation, installation and service.

It operates with the easy-to-use EcoNet Smart Thermostat, which optimizes system performance and provides a new level of protection and precision comfort **with features like:**

- Communication with latest sensor technology
- Control of your thermostat from anywhere via the EcoNet App¹²
- Alerts sent directly to your phone or email

Simplified Install & Service with Bluetooth Technology

Built-in Bluetooth® connectivity¹¹ makes it faster and easier for your contractor to install and service your new system. This can help lower your costs and help make your home comfortable again—fast.

Federal Incentives Available (conditions apply)

As part of the Inflation Reduction Act of 2022, homeowners can now take advantage of enhanced tax incentives and a new state-administered consumer rebate program. Certain Sure Comfort Residential Packaged models may be eligible for the Energy Efficient Home Improvement Tax Credit (25C)⁸ and Sure Comfort Residential Packaged Heat Pumps may be eligible for the High Efficiency Electric Home Rebate Program.⁸

Visit [SureComfort.com/Federal-Incentives](https://www.surecomfort.com/federal-incentives) to view qualifying equipment and for complete details and conditions.

A History of Innovation

We are proudly backed by nearly 100 years in the HVAC industry. We continue to give homeowners and business owners the innovative products that meet their needs and budget to keep people comfortable day after day—just as we've done for nearly a century.

Sure Comfort USA
5600 Old Greenwood Road
Fort Smith, Arkansas 72908

Rheem Sales Company, Inc. manufactures the Sure Comfort brand of residential heating & cooling products. In keeping with its policy of continuous progress and product improvement, Rheem reserves the right to make changes without notice.

¹Registration is required for the conditional parts warranty (if applicable). For complete details of the limited and conditional warranties, including applicable terms and conditions, contact your local Contractor or go to [SureComfort.com](https://www.surecomfort.com) for a copy of the product warranty certificate. ²Refer to the chart for specific warranty terms by product. ³Residential Building Electrification in CA: Consumer economics, greenhouse gases and grid impacts, April 2019. ⁴Applies to the RHPXZS, RAC(A/X)ZS and RGE(A/X)ZS models. ⁵Applies to RHP(A/X)ZR, RHPBZR, RACAZR, RACBZR and RGEAZR models. ⁶Proper sizing and installation of equipment is critical to achieve optimal performance. Ask your contractor for details or visit [EnergyStar.gov](https://www.energystar.gov). ⁷SEER2 (Seasonal Energy Efficiency Rating) / EER2 (Energy Efficiency Ratio) / HSPF2 (Heating Seasonal Performance Factor): The higher the SEER2 / EER2 / HSPF2 rating, the more efficient the unit. ⁸Energy Efficient Home Improvement Tax Credits (25C) and High Efficiency Electric Home Rebates are dependent on state participation and available funding; Visit [SureComfort.com/Federal-Incentives](https://www.surecomfort.com/federal-incentives) for complete details. ⁹Based on Internal R&D Testing, May 2023. Sound levels are also dependent on proper installation and location of product. ¹⁰AFUE (Annual Fuel Utilization Efficiency): The higher the AFUE, the more efficient the unit. ¹¹Bluetooth functionality applies to the heating section only. ¹²WiFi broadband internet connection required. Download the EcoNet® App from the App Store® or Google Play® to set up your EcoNet Smart Thermostat. Receipt of notifications depend on home WiFi setup.
