ENDEAVOR

We Thought of Everything... Then Some

We evaluate every detail of a product from top to bottom, inside and out and every angle in between. That's 360+1. And that's why you can count on this residential packaged heat pump to bring you and your family years of efficient and dependable comfort.

Innovation You Can Count On

Patented industry-first features and 360+1 design make the Ruud Endeavor RHPBYC a smart choice.

Peace-Of-Mind Performance

Relax, you're covered by one of the best warranties in the industry 1— 10 Year Conditional Parts in residential applications.

Small Spaces Approved

If outdoor space constraints are part of the equation, let this dedicated horizontal packaged heat pump be your solution. With a compact footprint and optional flush-to-the-wall installation, it's perfect for times with zero lot line requirements, sloped roof placement, manufactured homes and small spaces.

Reduced Emissions

Households generate 72%² of greenhouse gas emissions, so switching to a heat pump can make a big difference for the environment—today.

Rugged Curb Appeal

The steel cabinet with a louvered coil guard provides excellent internal protection, while the overall modern cabinet aesthetics, including the powder coat paint system, allow your unit to put its best face forward for years to come.

Designing for Sustainability with Low GWP

For 2025, the Environmental Protection Agency (EPA) has set a global warming potential (GWP) limit of 700 for refrigerant used in heating and cooling systems. This new requirement will result in a 78% lower GWP than previous-generation refrigerants—with only minimal changes to system installation. For us, this is another step toward our continued sustainability goal of reducing greenhouse gas emissions, while still delivering an exceptional level of energy efficient, dependable comfort.

TESTED. TRUSTED.

From the smallest part to complete comfort systems, we engineer quality into every piece of equipment to be sure it's tough enough to deliver the maximum performance TOUGH. you count on day after day, year after year. That reliability is what makes Ruud different—and better.

FEATURES AT A GLANCE

15.2 SEER2 / 11.5 EER2 / 7.2 HSPF2

Refrigerant Type: R-454B

Nominal Sizes: 2 to 5 Tons

22.8 to 56.5 kBTU

22.6 to 56.5 kBTU

EcoNet® Enabled: No

Sound Rating⁴: As low as 69 dB

Compressor Type: Two-Stage

Evaporator Coil Type: Tube-fin

Condenser Coil Type: Tube-fin

Airflow Type: Dedicated Horizontal

Blower Motor Type: Constant Torque

Fan Motor Type: ECM Motor (all tonnages)

Heater Kit: Factory- or Field-installed Option

1-Phase Option: Yes (all tonnages)

Compatible Thermostat: Single-& Two-Stage 24V

PlusOnes:

PlusOne® Refrigerant
Detection System™5 –
Integrated, patented design providing system protection and homeowner peace-of-mind with low GWP refrigerant monitoring

Limited Warranty¹:

10 Years (registration required)

Compressor (Residential Applications) - 10 years

Compressor (Commercial Applications) – 5 Years

Innovating Since 1925

As the only brand bringing innovative air and water solutions to homes and businesses around the world, Ruud continues to deliver advanced comfort, savings and experiences to our customers—just as we've done for over a century.
