

RH388 Series

(comes in ELCB, AC Pump or DC Pump)

Electric Instant Water Heaters

The Electronic Control System enables easy selection of shower temperatures by simply turning the temperature control knob. Quality comes guaranteed with our state-of-the art design and is manufactured in accordance to the stringiest ISO 9001 Standards. **RHEEM** cares for your needs and gives you our new era of technological advance product, providing you with the most sensational shower.

Colors Available : Metallic Silver & White

Electronic Variable Temperature Control System

Standard & Safety - RH388 E

Manufactured in accordance to the stringiest ISO 9001 Standard. Safety comes with the latest technology built-in ELCB (Electric Leakage Circuit Breaker).

A.C Booster Pump - RH388 EP

Built to be more efficient, the A.C. Pump can boost water flow of up to 400%. It comes with speed control feature to control the volume of water giving you life and fun in the bathroom.

D.C Silent Pump - RH388EPi

Silent and yet powerful. The built-in silent pump comes with latest advance technology 3-phase brushless DC motor for long lasting and superb performances. It generates high water flow and consumes 50% less electricity than the A.C Pump model.

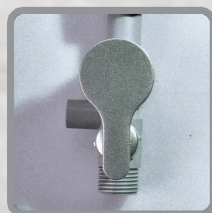

Features

Thermal Cut-Off • Anti-Scalding Features • Unlimited Capacity Hot Water Supply.

Indicator Light

Stop Valve

ELCB (Test/Reset)

Filter Mash

Temperature Control

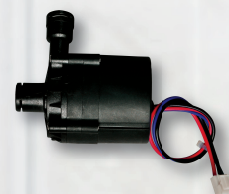

Pump Speed Control

Flexible Hose

AC Pump

Features

- 90° Regulated Stop Valve
- Electronic Temperature Control System
- Shower Pump (For Pump Model Only)
- Flip-Start Flow Switch
- Anti Scalding System
- Triple Safety System
- Electronic ELCB Safety
- 3 Spray Massage and Misty Handshower
- Voltage Surge Protector
- Splash Proof & Anti-Rust

Warranty

- Internal Parts & AC Pump - 1 Years
- DC Pump - 5 Years
- Heating Element - 5 Years
- Anti-Leak Tank - 1 Year

Accreditation

- SIRIM/ST - Malaysia
- PSB/SPRING - Singapore
- TISI - Thailand
- ISO9001:2008 Certified Manufacturer

Specifications

HEATER		
Heater Electrical Rating Available in 3.3kW to 5.5kW, 220V - 240V AC, 50/60 Hz	Minimum Water Flow Rate 2 litre/min	AC Pump Electrical Rating (Motor) 120W DC Pump Electrical Rating (Motor) 50W, 24V DC
Maximum Water Pressure 380kPa (55 PSI)	Water Temperature Control Electronic Control	
Water Connection 15mm (1/2 BSP)	Dimension 215 x 390mm x 76mm	
Weight 3.4Kg (RH388E) • 4Kg(RH388EPi) • 4.3Kg (RH388EP)	Heater Light Color Top: Yellow Down: Green
