PEACE OF MIND

Designed with patented features to ensure year-round reliability. And for added peace of mind, our gas furnace is backed by a 10-year conditional parts warranty and a limited lifetime heat exchanger warranty. You're covered!

RELIABILITY & DURABILITY

Quality is in the details of the Ruud R92T Achiever Plus Series Gas Furnace. It's engineered with the exclusive PlusOne® Ignition System—the most reliable system available.

LOWER UTILITY BILLS

An energy-efficient motor keeps you comfortable and saves you money on your monthly utility bill.

RELY ON RUUD.™

We Thought of Everything... And Then Some.

Designed to keep your family comfortable for years to come, our products are developed using our 360°+1 design philosophy. We strive to deliver the very best homeowner experience by evaluating every detail of the product from every angle. That's 360°+1. And that's why you can count on Ruud air and water solutions to bring you and your family years of comfort.

DESIGNED FOR COMFORT THAT LASTS

Industry-first patented features and 360°+1 engineering make the Ruud R92T *Achiever Plus*® Series Gas Furnace a smart option. From top to bottom, inside and out, and every angle in between, we've thought of everything to bring you **efficient** and **reliable** indoor comfort.

RELIABILITY is of the utmost importance when it comes to your family's comfort. Our *Achiever Plus* Series Gas Furnace comes standard with the Ruud-exclusive PlusOne® Ignition System. This proven direct spark ignition (DSI) is one of the most reliable ignition systems available today. **Used exclusively by Ruud** in the Heating and Cooling industry, this technology is the same proven design used on ovens and stoves. Also, our PlusOne® Water Management System includes the industry's first blocked drain sensor, which will shut off your furnace when a drain is blocked, preventing water spillage and potential water damage to your home. It also prevents seasonal start-up issues, which means fewer warranty claims. All this and the **best warranties** in the industry translate to fewer repair bills and more comfortable nights at home.

LESS SOUND & MORE COMFORT is what you get with a Ruud *Achiever Plus* Series Gas Furnace. The new patented heat exchanger design provides **improved airflow**, which reduces operating sound by 20%**¹, making it one of the **quietest furnaces on the market**. And because it's **high-efficiency**, your monthly energy bill will give you even more reasons to rest easy.

SIMPLE INSTALLATION & MAINTENANCE features benefit consumers, too. This means savings **on installation costs** and faster, more cost-effective repairs during maintenance. The Ruud *Achiever Plus* Series Gas Furnace is also designed with PlusOne® Diagnostics our industry-first 7-segment LED display, a feature that makes services calls quick and easy.

SAVE ENERGY & MONEY with the R92T *Achiever Plus* Series Gas Furnace. It's not only high performing, it also saves you energy. The constant torque ECM motor maintains efficiency across a range of operating speeds, using less electrical energy than a standard PSC motor. An energy-efficient motor also means a lower monthly utility bill. And this model may qualify for local and/or utility rebates, which can mean even more savings!

Benefits At-A-Glance

Motor:
Constant Torque ECM

Efficiency
92% AFUE Rating

Sound Level
Improved airflow for 20% quieter operation

YOUR LOCAL RUUD CONTRACTOR

* Annual Fuel Utilization Efficiency (AFUE) measures the amount of heat delivered to a home compared to the amount of fuel that is supplied to the unit. Higher AFUE ratings reflect higher efficiency.

** Testing showed, on average, a 20% reduction in sound when compared to previous Ruud gas furnace models.

*** Registration within 60 days of installation, original homeowner and residential application only. See Warranty Card for full details.
