High Efficiency
Happy Homes

Peace-Of-Mind **Performance**

Rest easy, you're covered by one of the best warranties in the industry[1]—up to 10 Year Limited Parts + Limited Lifetime Heat Exchanger + Conditional Limited Lifetime Unit Replacement[2].

Quiet **Operation**

Sound levels range from quietest to quiet with insulated cabinets and truly variable speed airflow technology[3]—giving you one of the quietest furnace lines available[4].

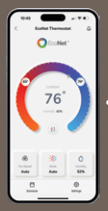

Genuine **Comfort**

Two-Stage[5] (medium, low) or Single-Stage (low) heating operation[6], along with variable speed motor technology[3], ensures a steady stream of just-right heated airflow to maintain your comfort level preference while providing superior humidity control.

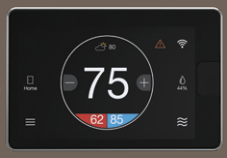

EcoNet®

The Whirlpool WL962V, WL951V, WL951****U and WL921V operate with the easy-to-use EcoNet®* Smart Thermostat, which optimizes gas furnace performance and provides a new level of protection and precision comfort with features like:

- Communication with latest sensor technology
- Control of your thermostat from anywhere via the EcoNet® App[8]
- Alerts concerning your gas furnace sent directly to your phone or email

EcoNet® Mobile App

Ensuring You Enjoy Both **Savings** and **Efficiency**

Earning ENERGY STAR® recognition means products meet strict energy efficiency guidelines set by the U.S. Environmental Protection Agency and all of the Whirlpool 90% AFUE Gas Furnaces are ENERGY STAR® or U.S. South ENERGY STAR® certified, offering annual energy cost savings[7].

Simplified Install & Service with Bluetooth Technology

Built-in Bluetooth® connectivity[9] makes it faster and easier for your contractor to install and service your new system. This can help lower your costs and help make your home comfortable again—fast.
