# VANTIX™

## Innovation You Can Count On

Patented industry-first features and advanced design make the Sure Comfort Vantix SP15AZ a smart choice.

### Peace-Of-Mind Performance

Relax, you're covered by one of the best warranties in the industry<sup>1</sup>—10 Year Conditional Parts.

### Reduced Emissions

Households generate 72%<sup>2</sup> of greenhouse gas emissions, so switching to a heat pump can make a big difference for the environment—today.

### Lower Environmental Impact

The 7mm condenser coil<sup>5</sup> reduces refrigerant requirements up to 15%. This lowers the amount of greenhouse gases emitted while contributing to our sustainability goal of a 50% reduction in our greenhouse gas footprint by 2025. A win for all of us.

### High-Strength Curb Appeal

The wire grille provides excellent protection to internal components, while modern cabinet aesthetics including the corrosion-resistant composite base pan and powder coat paint system allow your unit to put its best face forward for years to come.

### Quiet Operation

Efficient home comfort shouldn't be noisy. That's why our heat pumps are designed with acoustics in mind. Sound-dampening features such as refrigerant tubing design, fan blade approach, composite base pan and innovative compressor and drive technologies ensure that as efficiency goes up, sound levels stay low.

#### SOUND RATING<sup>3</sup>

### Among Heat Pumps, This One's A Star<sup>4</sup>

Earning ENERGY STAR® recognition means products meet strict energy efficiency guidelines set by the U.S. Environmental Protection Agency. ENERGY STAR certified heating and cooling equipment can enhance the comfort of your home while saving energy—which saves money on utility bills and protects our climate by reducing harmful carbon pollution and other greenhouse gases.

## FEATURES AT A GLANCE

Cooling & Heating Efficiencies Up To:  
16 SEER2 / 11.7 EER2 / 8.1 HSPF2

Nominal Sizes: 1.5 to 5 Tons

Cooling & Heating Capacities:  
13.36 to 45.6 kBTU

EcoNet® Enabled: No

Sound Rating<sup>3</sup>: As low as 72 dB

Compressor Type: Two-Stage

Condenser Coil Type: 7mm<sup>5</sup>

## FEATURE HIGHLIGHTS

Expanded Valve Space: Provides a minimum working area of 27-square in.

Easy Service Access: 15 in. wide industry leading corner service access, two-fastener removable corner and easily removable wire grille

Limited Warranty<sup>1</sup>:

Conditional Parts – 10 Years
