Peace-Of-Mind Performance

Relax, you're covered by one of the best warranties in the industry¹—10 Year Conditional Parts in residential applications.

Small Spaces Approved

If outdoor space constraints are part of the equation, let this dedicated horizontal packaged heat pump be your solution. With a compact footprint and optional flush-to-the-wall installation, it's perfect for times with zero lot line requirements, sloped roof placement, manufactured homes and small spaces.

Reduced Emissions

Households generate 72%² of greenhouse gas emissions, so switching to a heat pump can make a big difference for the environment—today.

Lasting Curb Appeal

The steel cabinet with a louvered coil guard provides excellent internal protection while the overall modern cabinet aesthetics, including the powder coat paint system, allow your unit to put its best face forward for years to come.

Designing for Sustainability with Low GWP

For 2025, the Environmental Protection Agency (EPA) has set a global warming potential (GWP) limit of 700 for refrigerant used in heating and cooling systems. This new requirement will result in a 78%³ lower GWP than previous-generation refrigerants—with only minimal changes to system installation. For us, this is another step toward our continued sustainability goal of reducing greenhouse gas emissions, while still delivering an exceptional level of energy efficient, dependable comfort.

FEATURES AT A GLANCE

Cooling & Heating Efficiencies Up To:

15.2 SEER2 / 11.5 EER2 / 7.2 HSPF2

Refrigerant Type: R-454B

Nominal Sizes: 2 to 5 Tons

Cooling Capacities: 22.8 to 56.5 kBTU

Heating Capacities: 22.6 to 56.5 kBTU

Sound Rating⁴: As low as 69 dB

Compressor Type: Two-Stage

Evaporator Coil Type: Tube-fin

Condenser Coil Type: Tube-fin

Airflow Type: Dedicated Horizontal

Blower Motor Type: Constant Torque

Fan Motor Type: ECM Motor (all tonnages)

Heater Kit: Factory- or Field-installed Option

1-Phase Option: Yes (all tonnages)

Compatible Thermostat: Single- & Two-Stage 24V

FEATURE HIGHLIGHTS

Refrigerant Detection System⁵: Integrated, patented design providing system protection and homeowner peace-of-mind with low GWP refrigerant monitoring.

Limited Warranty¹:

Conditional Parts (Residential Applications) – 10 Years (registration required)

Compressor (Residential Applications) – 10 years

Parts (Commercial Applications) – 1 Year

Compressor (Commercial Applications) – 5 Years
