

VANTIX™

Vantix™ Line Air Handlers

Air Handler SH3VZ

Motor:

Constant CFM

Valve Type:

Thermostatic Expansion Valve (TXV)

Efficiencies:

up to 16 SEER2

Features:

o Constant CFM Motor:

- When paired with a 24V two-stage thermostat, the air handler runs in 3-speeds to match airflow with outdoor unit

o Diagnostics - Easy & Quick Diagnostics & Ongoing Monitoring with Bluetooth Technology:

- The Sure Comfort® Vantix™ Line with the Sure Comfort® Contractor App via Bluetooth technology, features up to 62% faster overall diagnostics over other residential HVAC brands¹

o No Dip Switches = Fast Seamless Final Installation

- The Sure Comfort® Vantix™ Line, with Sure Comfort® Contractor App-based commissioning via Bluetooth technology, features up to 54% faster installation over other residential HVAC brands¹

o New Sure Comfort® Air Handler Control Board (AHC):

- Enables constant CFM airflow
- Introduces Bluetooth connectivity for access to advanced diagnostic information from the Contractor App on your mobile device

o Aluminum Indoor Coil Design:

- Are constructed of aluminum fins bonded to internally grooved aluminum tubing and are more corrosion resistant

o Quieter Sound Levels:

- Provided by sturdy cabinet construction with 1.0 inch of foil faced insulation for quieter sound characteristics

o Versatile 4-Way Convertible Compact Design:

- Allows for upflow, downflow, horizontal left and horizontal right applications, even in the smallest of spaces

o Rugged Steel, Compact Cabinet Construction:

- Designed for added strength and versatility

o Field-installed Auxiliary Heater Kits:

- Provide exact heat for indoor comfort and include circuit breakers which meet UL and cUL requirements for service disconnect

o Less than 2% Cabinet Air Leakage at 1-inch H2O:

- When tested in accordance with ASHRAE standard 193

¹Per a 2022 MIAT Residential HVAC Time Study on base and mid-tier Vantix™ Line products and commercially available competitor units of similar product tier.
