

RUTG/RUTG-R SERIES HIGH EFFICIENCY NON-CONDENSING TANKLESS

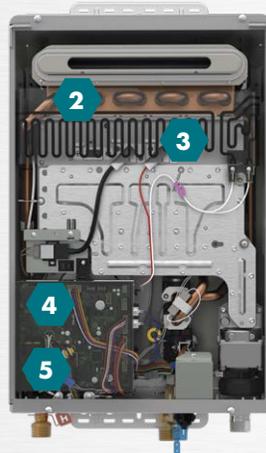

With the same proven performance both plumbers and homeowners trust, the Ruud® RUTG/RUTG-R High Efficiency Non-Condensing Tankless Water Heaters have a new modern design. These smaller, lighter units were designed with contractors in mind to make one-person installation and servicing even easier. Plus, enhanced features deliver no-wait hot water and energy efficiency homeowners want.

- 15-Year Warranty

Ruud.com/MoreHotWater

¹Ruud is the only leading tankless manufacturer offering this technology. ²Available on indoor Wi-Fi models only. When converting indoor Wi-Fi with LeakGuard models to outdoor, included cable and indoor mount should be used. This cable disables LeakGuard in outdoor installations to avoid false alarms and shut-off. Reference outdoor conversion instructions for more information on cable installation. ³Sustainability Standouts are Wi-Fi models only. ⁴Based on comparison of a Ruud RUTG/RUTG-R Series model against a standard residential 50-gallon tank type model with like fuel type.
