Real People. Real Savings. Real Fast.®

MODEL: RSPM PACKAGE AIR CONDITIONERS

Quality and Durability. Our galvanized steel cabinet protects your unit from the elements, helping reduce maintenance expense. Each unit features full-louvered protection of the condenser coil, which keeps damage to a minimum and adds to the longevity of your air conditioner.

Our slim design occupies less room in your yard and installs with a flush fit against your house.

Efficient Operation and Greater Comfort. The heart of your Package Air Conditioner is the Scroll Compressor® – widely recognized as the industry standard for performance and durability.

The 14 SEER models allow for low-cost cooling and our motor mount prevents damage to your fan motor, extending its service life.

Quiet Operation. The combination of the durable cabinet, large outdoor fan, scroll compressor and elevated base pan all contribute to quiet, dependable operation. Special base rails elevate the bottom of the unit off the ground and away from corrosive condensation.

Sure Comfort® is a new name in home comfort offering tried and true air conditioners, heat pumps, furnaces and air handlers and package units to meet the needs of your family and your budget. With advanced features, impressive performance and great warranties that all come standard, you can enjoy solutions that keep your family comfortable every day.
