

MODEL: S801T

Upflow/Horizontal Ultra Low NOx

GAS FURNACES

The Sure Comfort S801T Ultra Low NOx Gas Furnace is an environmentally friendly and responsible product that provides years of worry-free, quiet comfort.

- **Ultra Low NOx technology** creates a clean burning system and allows for 65% reduction in NOx emissions, which means cleaner air for your community.
- **Reliability** is something we take seriously. That's why our gas furnaces are engineered with the exclusive Direct Spark Ignition System which is the most reliable ignition system in the industry and ensures that your furnace will light right every time.
- **Efficient** single-stage constant torque motor delivers the right amount of heat for a more comfortable home.

MODEL: S801T

Upflow/Horizontal Ultra Low NOx GAS FURNACES

Reliability is very important to your family's comfort. The proven direct spark ignition (DSI) used on Sure Comfort furnaces is one of the most reliable systems available today. This technology is the same proven design used on gas ovens and stoves.

Quiet operation is the result of a tighter door seal that helps eliminate whistling. We've also added rubber grommets on the motor mounts and a twist-lock wire harness in the blower shelf. All this results in an impressively quiet furnace.

Easy installation and maintenance features benefit homeowners, too. This means savings on installation costs and faster more cost-effective repairs during maintenance. The 7-segment LED display is a feature that makes service calls quick and easy.

Sure Comfort® is a new name in home comfort offering tried and true air conditioners, heat pumps, furnaces and air handlers and package units to meet the needs of your family and your budget. With advanced features, impressive performance and great warranties that all come standard, you can enjoy solutions that keep your family comfortable every day.

Fort Smith, Arkansas 72908

¹ Annual Fuel Utilization Efficiency (AFUE) measures the amount of heat delivered to a home compared to the amount of fuel that is supplied to the unit. Higher AFUE ratings reflect higher efficiency. ² For complete details of the limited and conditional warranties, including applicable terms and conditions, contact your local Contractor or go to SureComfort.com for a copy of the product warranty certificate. Conditional warranties must be registered through registermyunit.com.
