Real Innovation.

VANTIX™

Peace-Of-Mind Performance

Relax, you're covered by one of the best warranties in the industry[1]—
10 Year Conditional Parts.

Energy Savings

Just like a vehicle's MPG, the higher the SEER2 and EER2 rating (Seasonal Energy Efficiency Ratio / Energy Efficiency Ratio), the higher the efficiency of your air conditioner—allowing for energy savings month after month. Keep in mind, other factors such as system matching, sizing, ductwork and installation also affect overall efficiency. By working with a properly trained contractor, you can be confident that you are choosing the best heating and cooling system for your home's comfort and your budget.

Quiet Operation

Efficient home comfort shouldn't be noisy. That's why our air conditioners are designed with acoustics in mind. Integrated sound-dampening features such as refrigerant tubing design, fan blade approach, composite base pan and innovative compressor and drive technologies let you enjoy more efficiency—and less noise.

SOUND RATING[2]

THIS MODEL

30	Soft Whisper
40	Light Rain
50	Refrigerator Hum
60 ▶	Normal Conversation
70	Washing Machine
80	Alarm Clock

Genuine Comfort.

Complete Comfort

Inverter driven, variable speed, twin rotary compressor technology features cooling operation between 40% and 70% of capacity (ramping up to 100% when required) to continuously meet your ever-changing cooling needs. You'll enjoy precise temperature and advanced humidity control that come to exceed your comfort expectations.

Lower Environmental Impact

The 7mm condenser coil[3] reduces the amount of refrigerant required by up to 15%, lowering the amount of greenhouse gases emitted while contributing to our sustainability goal of a 50% reduction in our greenhouse gas footprint by 2025. A win for all of us.

High-Strength Curb Appeal

The wire grille provides excellent protection to internal components, while modern cabinet aesthetics including the corrosion-resistant composite base pan and powder coat paint system allow your unit to put its best face forward for years to come.

Making It Easy to Live Both **Comfortably** and **Sustainably**

Many Russell by Rheem products have sustainability features, but the SA15AZ has earned our Sustainability Standout Seal, indicating it's among the best of the best. We created the Seal to help you more easily find the products that save energy, save money and save the planet.

SUSTAINABILITY STANDOUT ®

VANTIX™

FEATURES AT A GLANCE

Cooling Efficiency: 15.2 SEER2 / 9.8 EER2

Nominal Sizes: 2 to 5 Tons

Cooling Capacities: 22.8 to 56 kBTU

Sound Rating[2]: As low as 60 dB

Compressor Type: Inverter Driven, Variable Speed Twin Rotary

Condenser Coil Type[3]: 7mm

FEATURE HIGHLIGHTS

Variable Speed Twin Rotary Compressor & Inverter Drive: Variable speed operation or 3-speed operation (with 24V Two-Stage Thermostat)

Expanded Valve Space: Provides a minimum working area of 27-square in.

Easy Service Access: 15 in. wide industry leading corner service access, two-fastener removable corner and easily removable wire grille

Limited Warranty[1]:

Conditional Parts – 10 Years
