MODEL: SA16 AIR CONDITIONERS

The Russell[™] By Rheem SA16 Air Conditioner offers an energy saving, quiet performance.

- **Quiet and efficient comfort** is what you get with the SA16 Air Conditioner—for indoor home comfort you can count on when you need it most.
- **Exceptional quality and durability** is what you can expect. The SA16 Air Conditioner includes features that help fight corrosion, reduce leaks and enhance the overall strength of your air conditioner, so you can be confident in the way it performs.

MODEL: SA16

AIR CONDITIONERS

Legendary scroll compressor technology makes the SA16 as efficient as it is durable. The optimized fan orifice contributes to quieter operation, optimal airflow and better overall performance.

A quieter, more durable unit starts with our new composite base pan. The design helps eliminate corrosion and adds to quieter performance. Extensive UV testing was done to ensure that the base pan stays black for years to come. Our improved refrigerant tubing design also contributes to a quieter operation. For added strength, the wire grille on the exterior does an outstanding job protecting the inside.

A visually appealing cabinet design means our air conditioners look as good as they operate. Plus the powdercoat paint system provides a lasting professional finish.

Russell™ By Rheem is a new name in HVAC backed by 70+ years in the temperature-control industry developed to meet your needs and budget through practical, dependable HVAC products—Air Conditioners, Heat Pumps and Gas & Electric Furnaces—offering great performance with only the bells and whistles that matter, to keep your family comfortable day after day.
