# Cool Innovations

## Innovation You Can Count On

Patented industry-first features and advanced design make the Whirlpool WLA16AY a smart choice.

### Peace-Of-Mind Performance

Rest easy, you're covered by one of the best warranties in the industry[1]—10 Year Conditional Parts.

### Energy Savings

Just like a vehicle's MPG rating, the higher the SEER2 and EER2 rating (Seasonal Energy Efficiency Ratio / Energy Efficiency Ratio), the higher the efficiency of your air conditioner—resulting in more energy savings. Keep in mind, other factors such as system matching, sizing, ductwork and installation also impact the overall efficiency. By working with a properly trained contractor, you can be confident that you are choosing the best cooling system for your home's comfort—and your finances.

### Lower Environmental Impact

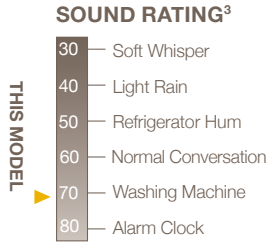

The 7mm condenser coil[2] reduces refrigerant requirements up to 15%. This lowers the amount of greenhouse gases emitted. A win for all of us.

### High-Strength Curb Appeal

Curved louvered panels and rugged corner posts provide excellent protection to internal components, while modern cabinet aesthetics, including the corrosion-resistant composite base pan and powder coat paint system, allow your unit to put its best face forward for years to come.

### Quiet Operation

Efficient home comfort shouldn't be noisy. That's why our air conditioners are designed with acoustics in mind. Sound-dampening features such as refrigerant tubing design, fan blade approach, composite base pan and innovative compressor and drive technologies ensure that as efficiency goes up, sound levels stay low.

# Meet Genuine Comfort

## Features at a Glance

**Cooling Efficiencies Up To:**
17 SEER2 / 12 EER2

**Refrigerant Type:** R-454B

**Nominal Sizes:** 2 to 5 Tons

**Cooling Capacities:** 22.8 to 56 kBTU

**Sound Rating[3]:** As low as 72 dBA

**Compressor Type:** Two-Stage

**Condenser Coil Type:** 7mm

## Feature Highlights

**Easy Service Access:** 15 in. wide industry leading corner service access, two-fastener removable corner and easily removable individual louver panels

**Refrigerant Detection System™*[4]:** Integrated, patented design providing system protection and homeowner peace-of-mind with low GWP refrigerant monitoring

**Limited Warranty[1]:**
**Conditional Parts –** 10 Years
