

Eemax® MiniTank™

Deliver Hot Water Wherever You Need It

Eemax MiniTank 1, 2.5, 4, and 6 are portable electric water heaters. MiniTanks provide hot water wherever a water and electrical outlet are available. Ideal for recreational vehicles, barns, food trucks and outdoor kitchens. Installed at the point-of-use they can deliver up to 6 gallons of hot water.

PERFORMANCE FEATURES

- Saves Space – Compact design is up to 93% smaller than a standard electric water heater
- Installs in an upright position on the floor or wall (bracket included)
- Flexible operation with hot and cold water feeds from unit
- Status indicator lights illuminate for power and when the unit is actively heating
- Power cord connects to a grounded 120V shared outlet. No electrical work required.
- Replaceable heating element, anode rod and enameled glass-lined tank with a single weld design extends units life
- Temperature adjusting dial controls the water temperature range from 50°F - 140°F (10°C - 60°C)
- Includes temperature and pressure (T&P) relief valve (210°F and 150 PSI)

WARRANTY

- Limited Warranty – 6 Years - Leaks, 2 Years - Parts
See Use and Care Manual for complete information.
