ENDEAVOR®

Peace-of-mind performance

Relax, you're covered by one of the best warranties in the industry[1]—10 Year Conditional Parts in residential applications.

Small spaces approved

If outdoor space constraints are part of the equation, let our dedicated horizontal packaged air conditioners and heat pumps be your solution. With a compact footprint and flush-to-the-wall installation, both products are perfect for times with zero lot line requirements, sloped roof placement, manufactured homes and small spaces.

Durable curb appeal

The steel cabinet with a louvered coil guard provides excellent internal protection, while the overall modern cabinet aesthetics, including the powder coat paint system, allow your air conditioner or heat pump to put its best face forward for years to come.

Reduced emissions (RHPSYB only)

Households generate 72%[2] of greenhouse gas emissions, so switching to a heat pump can make a big difference for the environment—today.

RELIABLE TESTED. TRUSTED. TOUGH. PERFORMANCE

Tested. Trusted. Tough.

From the smallest part to complete comfort systems, we build quality into everything we make so we can be sure it's tough enough to deliver the ultimate performance you can count on day after day, year after year. That reliability is what makes Rheem different—and better.

Features at a glance

Cooling efficiencies (RACSYB):
13.4 SEER2 / 10.6 EER2

Cooling & heating efficiencies (RHPSYB):
13.4 SEER2 / 10.6 EER2 / 6.7 HSPF2

Refrigerant type: R-454B

Nominal sizes: 2 to 5 tons

Cooling capacities (RACSYB):
23.6 to 56.5 kBTU

Cooling & heating capacities (RHPSYB):
Cooling: 23.6 to 55.5 kBTU
Heating: 23.8 to 58.5 kBTU

Sound rating[3]: As low as 75 dB

Compressor type: Single-stage

Evaporator coil type: MicroChannel

Condenser coil type: MicroChannel

Airflow type: Dedicated horizontal

Blower motor type: Constant torque

Fan motor type: PSC
