## ENDEAVOR

We evaluate every detail of a product from top to bottom, inside and out and every angle in between. That's 360+1. And that's why you can count on this heat pump to bring you and your family years of efficient and dependable comfort.

## Innovation You Can Count On

Patented industry-first features and 360+1 design make the Rheem Endeavor RP15AZ a smart choice.

#### Peace-Of-Mind Performance

Relax, you're covered by one of the best warranties in the industry<sup>1</sup>-10 Year Conditional Parts.

#### Less Environmental Impact

The 7mm condenser coil<sup>5</sup> reduces refrigerant requirements up to 15%. This lowers the amount of greenhouse gases emitted while contributing to Rheem's sustainability goal of a 50% reduction in our greenhouse gas footprint by 2025. A win for all of us.

#### **Reduced Emissions**

Households generate 72%<sup>2</sup> of greenhouse gas emissions, so switching to a heat pump can make a big difference for the environment-today.

#### **Durable Curb Appeal**

Curved louvered panels and rugged corner posts provide excellent protection to internal components, while the overall modern cabinet aesthetics including the corrosion-resistant composite base pan and powder coat paint system allow your unit to put its best face forward for years to come.

#### **Quiet Operation**

Efficient home comfort shouldn't be noisy. That's why our heat pumps are designed with acoustics in mind. Sound-dampening features such as refrigerant tubing design, fan blade approach, composite base pan and innovative compressor and drive technologies ensure that as efficiency goes up, sound levels stay low.

Conditional Parts - 10 Years

From the smallest part to complete comfort systems, we build quality into everything we make so we can be sure it's tough enough to deliver the ultimate performance you can count on day after day, year after year. That reliability is what makes Rheem different-and better.

#### **Among Heat Pumps,** This One's A Star<sup>4</sup>

Earning ENERGY STAR® recognition means products meet strict energy efficiency guidelines set by the U.S. Environmental Protection Agency. ENERGY STAR certified heating and cooling equipment can enhance the comfort of your home while saving energy-which saves money on utility bills and protects our climate by reducing harmful carbon pollution and other greenhouse gases.

#### Nearly 100 Years of Innovation

As the only brand bringing innovative air and water solutions to homes and businesses around the world. Rheem continues to deliver advanced comfort, savings and experiences to our customers-just as we've done for nearly 100 years.
