30-ton models
are the smallest and
lightest available in
the industry.

Premium Features, Maximum Value

Designed with the future in mind, Resolute units include the right mix of premium options to enhance comfort, installability, serviceability and reliability. Advanced technologies like MicroChannel coils and hot gas reheat deliver up to 14.2 IEER / 11.0 EER / 3.3 COP for powerful performance year-round, and thoughtful serviceability features like hinged access panels and factory-programmed VFDs make installation and service easier.

Advanced Zoning

Maximize comfort throughout your building with the zoning capabilities of Resolute. The 30-ton Resolute packaged unit comes with standard single-zone and multi-zone VAV to personalize comfort by zone and features five stages of cooling to maximize part-load efficiencies.

Advanced Control

Rest assured with real-time system access, monitoring and flexible controls for easy communication via BACnet, LonWorks or Modbus.

**Enjoy the freedom to choose
without compromising on
functionality.**
