## Essential Plus Atmospheric gas water heaters are

 engineered for more hot water at a low operating cost
## EFFICIENCY

- .58-. 64 UEF
- More hot water at a low operating cost

## PERFORMANCE

- FHR: 64 to 87 gallons
- Recovery: 35.4 to 40.4 GPH at a $90^{\circ} \mathrm{F}$ rise, depending on model

## FLAMMABLE VAPOR DETECTION SYSTEM

- Exclusive air/fuel shut-off device for double protection
- Maintenance free - no filter to clean
- Disables the heater in the presence of flammable vapor accumulation

## LOW EMISSIONS

- Eco-friendly burner, low NOx design
- Meets 40 ng/J NOx requirements

## LONGER LIFE

- Premium grade anode rod provides long-lasting tank protection against corrosion
- EverKleen ${ }^{\circledR}$ Self-Cleaning system fights sediment buildup to help prolong efficiency \& tank life

## ALTITUDE CERTIFICATION

- All models certified up to $5,999 \mathrm{ft}$. above sea level, some certified up to $10,200 \mathrm{ft}$. Consult factory for specifications

## PLUS...

- Easy to light - no matches required
- Low lead compliant
- Temperature and pressure relief valve included
- Standard replacement parts

WARRANTY

- 9-Year limited tank and parts warranty*
*See Residential Warranty Certificate for complete information

Units meet or exceed ANSI requirements and have been tested according to D.O.E. procedures. Units meet or exceed the energy efficiency requirements of NAECA, ASHRAE standard 90, ICC Code and all state energy efficiency performance criteria.

## Essential Plus

 Atmospheric 40 and 50-Gallon Capacities Up to 40,000 BTU/h Natural and LP Gas
